COLONNADE / MIDLAND

1. Make sure the fixture is level and attach the housing to the junction box with fasteners (by others).
2. Use the auxiliary fasteners provided.
3. Place the lamp plate assembly into the housing.
4. Make electrical connections and push connectors into the junction box.
5. Secure the lamp plate assembly with the (2) 8-32 hex nuts.
6. Install the bottom lens cover first using the allen screws to secure the lens to the lamp plate assembly.
7. Install the front lens cover by sliding it in between the ring on the lamp plate assembly and the plate.
8. Carefully rest the front lens cover on the bottom lens cover.
9. Install the top lens cover the same way as the bottom lens cover.
